

Compost Site

Not only does the City of Saint Marys have a Curbside Recycling Program to offer its' residents, we also have a compost site. The compost site is located off Wilson Road. Residents have the opportunity to dispose of their yard waste materials 7 days a week during daylight hours. The following items are acceptable:

*Grass
Leaves
Trees any size (no stumps!)
Bushes
Plants
Garden Residue
Chipped Shrubbery
Tree Trimmings*

After the holiday season residents can dispose of their Christmas Trees as long as the trees are cleaned of their ornaments, tinsel, decorations, etc. If you have any questions concerning the Compost Site please call WoodBed Company at 834-1464.

Per State Recycling ACT 101 ~ The City collects loose leaves and garden residue at the curb during the Fall weather and collects tree branches and brush off City Roads on a daily basis and after a heavy wind, rain or snow storm. Please watch for News Releases in The Daily Press and the City's website for additional information.
